The Hydropod was approaching us steadily through the black space."ETA 10 minutes.Confirm for refuel."A magnetic voice said through our speakers.

"Confirmed".I replied back.

"Affirmative."

We were in Sector 2053 for about a couple of years funded by the highly publicized IUHBC(International Union for Habitable Bio territory Colonization).We were it's 7728th expedition to the unknown space sector 2053.Earth's Last Hope For Life,we were dubbed.We were in the Fuel Zone for obvious reasons.

"Shit.Why is it taking so long???"my buddy Ray asked.

"Relax,mate.You got a date or somethin!"

"The last thing I wanna do is sit in the middle of nowhere with a British guy".

"HA!.I don't want to live with an American either."

"Yo,You heard about the rumours,Jake's marrying Sandy".

"Like I give a shit."

"Yeah,of course you don't give a shit about your ex-girlfriend,do you.?"He taunted.

"For goodness sake shut the hell up,I yelled.

"Alright,then"

"IUHBC-7728,are you ready for refuel?"asked the voice.

"Affirmative!"

I went to one knee and started inspecting.

"Yo, is this like an oil leak or something?" Ray asked.

"This.. this is not oil, it's an organism." I whispered.

"Yeah well, I'm the fucking President. Stop fooling around, man!" He said.

I suddenly felt something fall on my cheeks from above. I looked up and shone my torch to the roof. There we saw it. The Creature, Alien, Organism whatever you wanna call it. The thing was there, hanging by his right arm

50 feet above us. Its eyes were 3 purple lasers. The thing had mutated and grown in just 3 days. "The re.. refuel..." Ray began. Then it attacked.
